I know I can't stop you or force you to do anything, and I'm not trying to, I just want to say my piece. I'm just a little curious to the reasoning. Maybe y'all don't know what happened, so I've been giving you the benefit of the doubt, but my curiosity has won out at this point.

I also apologize in advance if this sparks old flames. If it does, I'll report this thread myself.

When it's time for you to venture out, don't let fear have you looking back at what you're leaving behind.

I'm pretty sure they don't know what happened.

That's what I was thinking, but sometimes I see people who were around when it happened and still have it in their siggies. Although lately I've been seeing it in inactive newbies

I honestly wasn't active when it happened, but I took it out after the Maelstrom incident

I mean

There are some people who know what Hurricane's done and have decided that it was okay and they'll forgive her, so they want to remember her anyway

Who are we to wonder where we're going?

Who am I to tell me who I am?

Let's take it back, and take in every moment

Who am I, to tell me who I am?

Well, I remember what happened even though I wasn't officially on these forums. I was a stalker and an occasional poster. I agree and that is why I asked if we should really keep hidden treeline on the forums name list.

Well then, for those of you who are unaware of all the stuff that went down:

Hurricane does not live in Ukraine. She lied to you about that.
Hurricane is not dead. She lied to you about being in a car crash.
Her sister Maelstrom, who came here to inform us of her recieving treatment in Wyoming, is not a real person. That was Hurricane pretending to be someone else. Thus, she lied to us about that, as well.

So basically, Hurricane lied a lot. She's also still alive, from what I can tell, so I agree with Ishmael. Why do people still have "Remember Hurricane" in their sigs?

When I was stalking the threads back in October, I just thought they were talking about Hurricane Maria which hit Puerto Rico. Even then, I still thought it was odd

Don't think of this as a goodbye, think of it as a "see you later."

I thought it was about the actual 2018 hurricanes, but I guess not...
